

MUSTANG™

PORTABLE SCREEN

SC-P40D43 Portable Screen

The Mustang SC-P40D43 is the perfect solution for conference rooms, training rooms and any small, ad hoc presentation. A must have for travelling professionals and frequent presenters. Designed for use with today's most portable multimedia projectors.

Features:

- 40" diagonal NTSC (4:3) viewing surface
- 25" x 32" viewing size
- Assembles in seconds
- Embedded telescopic tension rod
- Stabilizer feet
- Weight: 4.65 lbs

Mustang offers quality, reliability, and durability with its complete range of sleek, stylish screens.

Available in a variety of sizes, they are the ideal choice for nearly any application or setting. Sized larger than any flat panel display currently available, Mustang's projection screens display large crisp, vibrant and clear images.

They are designed with flexibility for the widest variety of applications.
