Dedicated Portrait Models

MPFP-L46UA  
(400x600)

MPTP-L46UA  
(400x600)

MPVWP-L46U  
(400x600)

### Three Dedicated Portrait Models

MPFP-L46UA (flat), MPTP-L46UA (tilt) and MPVWP-L46U (video wall) are models specifically for mounting a large monitor in portrait orientation.

### Fixed Portrait or Landscape

All mounts shown in this table can mount a monitor in either portrait or landscape orientation. After installation, in order to change orientation, monitor would need to be removed.

### Landscape to Portrait on the Fly

Models marked with symbol, are compatible with the MPAD-LP rotation accessory. With MPAD-LP installed, monitor orientation can be repeatedly changed from landscape to portrait without removing the monitor.

### VESA Compatible Design

MPAD-LP accessory has VESA hole patterns for 100x200 and 200x200 built in. All other patterns require a monitor interface adapter, which is included with each respective Crimson mount.

### Construction

Fabricated from high-grade cold rolled steel with durable epoxy powder coat finish. Includes a complete array of high-grade fasteners, in a pre-sorted hardware pack for easy selection. UL Listed.

MPAD-LP Rotation Accessory

Allows Landscape to Portrait Rotation Without Monitor Removal
