Hydra digital display dual monitor wall mount with on the fly landscape to portrait rotation. Dual multiple joint arm holds displays 3.5" from wall when retracted and 27" when fully extended. Perfect for manually rotating a display from portrait to landscape or landscape to portrait orientation without removing the display. Smooth tilt adjustments of +15° (forward) and -5° (back) with a locking knob and 3° side-to-side roll facilitates a variety of viewing angles and perfect positioning. Makes a secure installation quick and easy, simply hang the display and turn the pre-assembled securing screws to lock in place. Integrated cable management for clean look.
