SKU	Display Size	Max VESA	Tilt	Max Load
MPDSA-12K	10-32"	100x100mm	+30°/-90°	30 lb

Kit Includes Multiple Desktop Hardware.

Choose your desktop application

This kit allows for an out of the box experience to accommodate most desktop installations.

Bolt Down:

A small footprint that bolts down and takes up little room with minimal visible hardware.

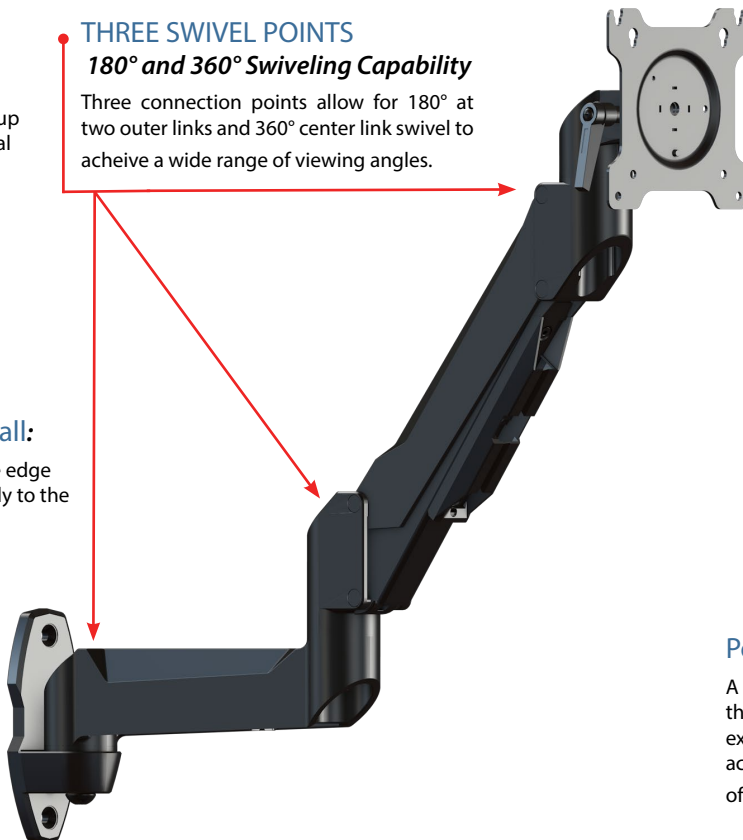

Edge Clip and Wall:

Securely clamps to the edge of a desk and or directly to the desired wall.

THREE SWIVEL POINTS

180° and 360° Swiveling Capability

Three connection points allow for 180° at two outer links and 360° center link swivel to achieve a wide range of viewing angles.

Hole:

Attaches to the desk through small hole and is secured from under the desktop surface.

Pole:

A low-profile adapter that easily clamps to existing pipes up to 2" to accomplish a wide variety of creative installations
